

Item No.	Item	Yes	No	N/A	Comments
1.	Has the Noise Compliance Statement been prepared by an environmental assessment practitioner or a suitably qualified noise specialist?				
2.	Is the Noise Compliance Statement applicable to the preferred site and the proposed development footprint?				
3.	Does the Noise Compliance Statement confirm that the site is of "low" sensitivity for noise impacts?				
4.	Does the Noise Compliance Statement indicate whether or not the proposed development will have an unacceptable negative impact on the noise receptors of the site or not?				
5.	Does the Noise Compliance Statement contain details and relevant qualifications and expertise of the environmental assessment practitioner / noise specialist preparing the statement including a curriculum vitae?				
6.	Does the Noise Compliance Statement contain a signed statement of independence by the environmental assessment practitioner / noise specialist?				
7.	Does the Noise Compliance Statement contain a map showing the proposed development footprint (including supporting infrastructure) overlaid on the noise sensitivity map generated by the national web based environmental screening tool?				
8.	Does the Noise Compliance Statement contain confirmation from the environmental assessment practitioner / noise specialist that all reasonable measures have been taken through micro-siting to minimise disturbance to receptors?				
9.	Does the Noise Compliance Statement contain a substantiated statement from the noise specialist / environmental assessment practitioner on the acceptability, or not, of the proposed development and a recommendation on the approval, or not, of the development?				
10.	Does the Noise Compliance Statement contain any conditions to which the statement mentioned in Item No. 9 is subjected?				
11.	Does the Noise Compliance Statement contain where required, proposed impact management outcomes or any monitoring requirements for inclusion in the Environmental Management Programme (EMPr)?				
12.	Does the Noise Compliance Statement contain a description of the assumptions made and any uncertainties or gaps in knowledge or data as well as a statement of the timing and intensity of site inspection observations?				
13.	Has a signed copy of the Noise Compliance Statement been appended to the Basic Assessment Report or Environmental Impact Assessment (EIA) Report?
